

STATEMENT: “Lack” and “insufficiency” is a consequence of our having a “mistaken identity!”

God’s intention for mankind is that we would live by our creativeness, not by our toil and sweat. Our creating a living instead of earning one, allows us to experience fulfillment and satisfaction in our work because we are using the gift God has given us to fulfill the purpose in which God created us. The enemy’s primary goal is to obscure the revelation of **(1) the Creator** and **(2) our identity as co-creators** in the earth. Through the medium of education and societal indoctrination, Satan has perpetuated a culture that has incorporated the consequences of the curse, and encourages conformity instead of *creativity*. This has created a society of servants who earn a living, instead of creators who manifest a living through their creativity.

Man was created in God’s image and **likeness**.

(1) D@muwth-(De-moot) = likeness.

- **Damah** – root - (*da-mah*) = **to be like in thought**, to compare or consider.
 - Numbers 33:56, 2 Samuel 21:5, Psalms 48:9

CULTIVATING OUR CREATOR CONSCIOUSNESS

WORK– Understanding why work doesn’t work. Toil, labor and sweat are a consequence of the curse (Gen. 3). The curse is designed to withhold from us what we labor for. The world’s system is one of consumption, which consumes what we produce, thereby perpetuating a cycle of lack and insufficiency. We were created to cultivate, create and keep, not toil for our needs to be met.

(2) We have the ability to think like God thinks.

- 1 Corinthians 2:10-16, Ephesians 5:1 (Amplified)

(3) A creator’s work is to manifest his mind and God’s purpose, which thereby produces wealth.

- **Work of Man – Genesis 2:15-19** – no sweat, sorrow, toil or insufficiency but revelation of God’s will.
- **Man at Work – Genesis 3:17-19** – the ground or place of work was cursed, not man who possess the likeness.
 - The way in which you overcome the curse is by not turning to the ground as your source but to what God gave you to have dominion over it!

(4) Creators do not earn their living, they make their living. Creator never run out because their resource comes from the intangible, inexhaustible reservoir of the mind and spirit.

(5) The Only limitation on of a creator is his imagination.

- Creators materials are his thoughts.
 - Genesis chapter 1, John 1:1-3, Hebrews 11:3
- When a creator faces insufficiency he seeks information. When an earner faces insufficiency, he seeks another job.
- Earners materials are that which Creators give them to work with.
 - When operating within your creator, you overcome obstacle and apparent insufficiency by creative thinking.
 - Genesis 11:1-6 Romans 4:17

A. God’s plan for mankind was domination of the earth, not one another, through his likeness to Him.

In this creator state of being our “job description” was to:

- (1) have dominion** (Gen. 1:26)
- (2) be fruitful** (vs.28)
- (3) multiply and replenish** (vs.28)
- (4) subdue/submit under the mission of God** (vs.28)

- (5) receive & sow seed vs.28
- (6) cultivate (2:15)
- (7) keep it

B. God's Order in Establishing and Maintaining Wealth:

- (1) **Thoughts / Intellectual Property** – Likeness (Genesis 1:26)
- (2) **Land / Real Estate** – “dominion” - (Genesis 1:27)
- (3) **Produce /Resources/Things** – “Seed (Genesis 1:29)
- (4) **Money** – It is an illusion because its value is determined by its environment and circumstances.

The world's priorities are:

- (1) **Money,**
- (2) **Things,**
- (3) **Property,**
- (4) **Individuality/thoughts.**

NOTE: The world has **reversed** God's priority subjecting its citizens in a system that strips the individuals of their potential and inherent value, causing them to seek after the least (in the economy of wealth) while neglecting the greatest of all assets – our likeness to God (which is our ability to think creatively).

CREATORS VS. EARNERS

- **The 2 most precious things that a creator possesses is their:**
 - (1) **Thoughts** – thoughts are the things that create their living and wealth.
 - (2) **Time** – is the opportunity to manifest and maximize your purpose in life.

PRINCIPLE: *The secret to becoming, growing and keeping your wealth is to keep it from manifesting. Once it manifest or become material, it become subject to the curse (taxes/the devourer, corruption etc.). As long as it is intangible and moving, it is working for them and multiplying, untouched by that which devourers those produce who work for money, instead of it working for you.*

THE CONTAMINATION OF OUR CONSCIOUSNESS: the loss of the Kingdom, the fall of man and the curse upon our work place, caused man's lose sight of what he retained (God's likeness) and become preoccupied with what he lost (provision). God knew that our ability to think creatively was the true provision and what is produced is a consequence of the wise implementation of this provision.

EDUCATION - Daniel 1:1-15

Our education system is hostile to and obscures the reality of there being a Creator because its revelation defines our identity. As long as we see our purpose in earning a good living, we will be committed to maintaining the system that is enslaving us.

Our education teaches us how to become intelligent servants to a cursed system. We are not taught how to “create wealth” but how to “earn a living”.

- **Romans 12:2, Ephesians 4:23-34** – thinking like God reveals our purpose and identity.

The true role of education is to cultivate our thoughts so that we become independent from the system, not to prepare us for bondage to it.

MANAGING AND OVERCOMING FEAR AND EMBRACING “RISK”

Fear can be an excellent motivator for change or an inhibitor to our liberation.

- Ex.16:1-3 & Num 14:1-4.

Fear calls risk foolishness, however risk is the doorway to another level of living.
